## EATING THAI STYLE

Welcome to Bangkok Thai Cuisine, the first Thai restaurant in Newmarket. A Thai meal is composed of a variety of dishes, with rice as a centerpiece. It should include a combination of these flavours; sweet, sour, salty, and hot. In typical Thai manner, there are no rigid rules about what goes with what. Unlike the style in the West, a meal is not made up of many separate courses. Normally, all dishes are shared and enjoyed together.

MOST DISHES CAN BE MADE GLUTEN FREE!
